19th CFA Charter Award Ceremony

Milan, 28 November 2018

Dear CFA Society Italy Member,

This year we celebrate the [19th Award Ceremony](#), an important achievement for our Society.

The Board of Directors is honoured to present you the [new CFA Charterholders](#), who successfully completed the CFA Program® in 2018 and, consequently, joined our Society. They all work in different fields of the broad financial industry; they come from different Italian regions and, in some cases, from foreign countries.

[Their different cultures and experience will contribute to enrich our local Society](#), which is growing successfully in terms of Members (more than 400 now) and in terms of activities and public awareness.

Two of the main strategic objectives of the Italian Society are the [improvement of the relationships among its Members](#) and the [increase in the number of contacts with other players](#) in the financial industry and the broader public. We think that our values and professionalism have to be shared with our colleagues, employers and regulators, in order to further increase the CFA Charter and CIPM Certificate awareness among them. We hope that you will join us in promoting our designations, making our message stronger and our values more and more recognized.

The Award Ceremony is one of the [many occasions to share ideas and views](#) for our lively Society: I look forward to meeting you soon!

Sincerely,

A handwritten signature in black ink that reads "Giancarlo Sandrin". The signature is written in a cursive, flowing style.
