**13<sup>th</sup> CFA Society Italy Award Night**

**Milan, 27<sup>th</sup> November 2012**

Dear CFA Society Italy Member,

This year we celebrate the 13<sup>th</sup> Award Ceremony, an important achievement for our Society.

The Board of Directors is honoured to present you the 29 new CFA Charterholders, who successfully completed the CFA Program ® in 2012 and, consequently, joined our Society.

At the same time, we wish a warm welcome to the Professionals already qualified as CFA Charterholders, but who joined our Society only recently.

They all work in different fields of the broad Finance Industry; they come from different Italian regions or even, in some cases, from foreign Countries.

Their different cultures and experience will contribute to enrich our local Society, who is growing successfully in terms of Members (more than 400 now) and in terms of activities and public awareness.

Two of the main strategic objective of the Italian Society are improving the relationships among our Members and increasing our network and contacts with other players in the Financial Industry and the broader public. We think that our values and professionalism must be shared with our colleagues, employers and regulators, in order to continue to increase the awareness among all of them about the CFA Charter and the CIPM Certificate. We hope that you will join us to promote our Designations, to make our message “bolder” and our values recognized more and more.

The Social Event is one of the many occasions to share ideas and views for our lively Society: I am looking forward to meeting you soon!

Sincerely,

A handwritten signature in black ink, reading "Matteo Cassiani". The signature is written in a cursive, flowing style.

Matteo Cassiani, CFA  
President
