**15th CFA Charter Award Ceremony
and Social Night**

Milan, 18th November 2014

Dear CFA Society Italy Member,

This year we celebrate the 15th Award Ceremony, an important achievement for our Society.

The Board of Directors is honoured to present you the new CFA Charterholders, who successfully completed the CFA Program ® in 2014 and, consequently, joined our Society.

They all work in different fields of the broad Finance Industry; they come from different Italian regions or even, in some cases, from foreign Countries.

Their different cultures and experience will contribute to enrich our local Society, who is growing successfully in terms of Members (more than 400 now) and in terms of activities and public awareness.

Two of the main strategic objective of the Italian Society are improving the relationships among our Members and increasing our network and contacts with other players in the Financial Industry and the broader public. We think that our values and professionalism must be shared with our colleagues, employers and regulators, in order to continue to increase the awareness among all of them about the CFA Charter and the CIPM Certificate. We hope that you will join us to promote our Designations, to make our message “bolder” and our values recognized more and more.

The Social Event is one of the many occasions to share ideas and views for our lively Society: I am looking forward to meeting you soon!

Sincerely,

A handwritten signature in black ink, reading "Matteo Cassiani". The signature is written in a cursive, flowing style.
