

**CONGRATULATIONS TO OUR
NEWEST CLASS OF CFA®
CHARTERHOLDERS!**

CFA Society Italy promotes the highest ethical standards and professional excellence within the local investment community. As an association of investment professionals, CFA Society Italy consists of portfolio managers, security analysts, investment advisers and other financial practitioners. Furthermore, it's been supporting CFA charterholders and CFA Program candidates locally since 1999.

THE VISION OF CFA SOCIETY ITALY IS TO BE A VIBRANT AND WIDELY RECOGNIZED ORGANIZATION SERVICING INVESTMENT PROFESSIONALS AS THE PREMIER RESOURCE FOR PROFESSIONAL DEVELOPMENT AND NETWORKING.

The Board of Directors is honoured to present the **new CFA Charterholders, who successfully completed the CFA Program in 2021 and early 2022 and joined CFA Society Italy**. They work in different fields of the broad financial industry, come from different Italian regions and, in some cases, from foreign countries.

Their different cultures and experience will contribute to enrich our local Society, which is growing successfully in terms of Members (more than 600 now) and in terms of activities and public awareness.

Two of the main strategic objectives of the Italian Society are the improvement of the relationships among its Members and the increase in the number of contacts with other players in the financial industry and the broader audience. We think that our values and professionalism have to be shared with our colleagues, employers and regulators, in order to further increase the CFA Charter and CIPM Certificate awareness among them. We hope that you will join us in promoting our designations, making our message stronger and our values more and more recognized.

Sincerely,

Giuliano Palumbo, CFA
